

## DEPARTMENT OF PLANNING AND BUILDING

DATE: JANUARY 4, 2010

TO: INTERESTED PARTIES

FROM: CHUCK STEVENSON, AICP, LONG RANGE PLANNING DIVISION MANAGER

SUBJECT: FINAL PLANNING COMMISSION RECOMMENDED CONSERVATION AND OPEN SPACE ELEMENT (COSE)

The Planning Commission approved their final recommended draft COSE on December 17, 2009. The document is now referred to the County Board of Supervisors who will conduct a hearing on February 9, 2010. The Planning Commission Recommended COSE is dated 12-29-09 and is presented in legislative format meaning that revisions are indicated by the use of redlines for added text and strikeouts for deleted text. The draft document that the Planning Commission considered is the Public Hearing Draft COSE dated 4-22-09. The Planning Commission recommended draft is available electronically on the Department's website [www.sloplanning.org](http://www.sloplanning.org) under "NEWS". A limited number of printed copies and copies on CD will be made available for a charge at the Planning and Building Department's Public Information Center.

The documents posted on the department website include:

- Complete COSE (large download)
- Complete appendices (large download)
- Individual chapters of the COSE and appendices (small downloads)
- Ag Element separation from Open Space Element

Please feel free to contact James Caruso, COSE Project Manager at (805) 781-5702 or e-mail at [jcaruso@co.slo.ca.us](mailto:jcaruso@co.slo.ca.us).
